Preparation

A **cauliflower tomato casserole** is a healthy and exquisite vegetarian recipe. Here's how to prepare it.

Preheat the oven to 375 degrees F.

In a large oven-proof pan or skillet, heat 2 tbsp **extra virgin olive oil** over medium heat until shimmering. Add onions and carrots. Raise the heat to medium-high and cook for 5 minutes, stirring regularly.

Now add the ground beef, 1 tsp allspice, 1 tsp garlic powder, nutmeg and salt. Cook for 8 more minutes, stirring regularly, until meat is browned and fully cooked through. Then add **cauliflower florets** and season with the remaining allspice, garlic powder, and cumin. Add another pinch of salt and mix to combine.

Add *Pomi* chopped tomatoes and water. Cook on medium-high for 10 more minutes. Cover with a lid (or tightly with foil) and transfer to the heated oven. Bake in 375 degrees heated-oven for 20 minutes.

Remove from heat and garnish with fresh parsley and toasted almonds. Serve hot with your favorite rustic bread or rice or quinoa! Enjoy.

Recipe Note: if you decide to use florets from fresh cauliflower, you will need to first blanch them.
