## Preparation

This tomato will be sure to keep you warm while also satisfying your appetite!!

Directions:

1. Place all ingredients into a large soup pot. Bring to a boil. Reduce heat to a simmer. Put a lid on it. Cook for 30 minutes. Taste for salt.
2. Serve hot, with or without the onion, with some crusty bread to dip. Or if a grilled cheese sandwich is handy, I highly recommend that for dunking. A few Fritos would be a very good thing here, too.
